S.E.D. medical labs

Based in Albuquerque, S.E.D. Medical Laboratories is a nationally-recognized, full-service medical and federally certified drugs-of-abuse testing laboratory. S.E.D. performs more than 8.5 million reportable tests annually and employs a staff of 500, handling more than a million patient encounters per year. S.E.D. operates from a modern, 50,000-square-foot facility with state-of-the-art equipment and cutting-edge technology with 98 percent of all testing performed in-house. Since its beginning in 1972, S.E.D. has grown to serve thousands of customers in fifteen states. In addition to a full-time Quality Assurance Department, S.E.D. is inspected, certified, and accredited by:

- American Association of Blood Banks (AABB)
- Center for Disease Control (CDC), Clinical Laboratory License 32-L0008033
- Clinical Laboratory Improvement Act 32D0534750
- College of American Pathologists (CAP) 22350-01
- College of American Pathologists Forensic Urine Drug Testing (CAP-FUDT)
- Department of Health and Human Services (DHHS)
- Joint Commission of Accreditation of Healthcare Organizations (JCAHO)
- Medicare 32-8033 and Medicaid
- Substance Abuse and Mental Health Services Administration (SAMHSA)
- United States Drug Enforcement Agency (USDEA)

MEDICAL LABORATORY TESTING

ACCURATE METICULOUS PROFESSIONAL DEPENDABLE CONVENIENT

IMPROVED MEDICAL OUTCOMES DEPEND ON ACCURATE TEST RESULTS.

S.E.D.
Medical Laboratories

S.E.D. Medical Laboratories' uncompromising quality services.

RAPID TURN-AROUND TIME

S.E.D. operates around the clock, seven days a week. This allows clients to obtain service at their convenience and test results when they are needed. Frequent test runs and continuous operation allow S.E.D. to provide most test results the same day that specimens are received in the laboratory. When necessary, STAT service is available.

CONVENIENT PATIENT SERVICE CENTERS

S.E.D. maintains strategically located Patient Service Centers throughout New Mexico to collect patient specimens. Days and hours of operation vary by location. Call 505.727.6232 for further information.

RESPONSIVE COURIER NETWORK

S.E.D. maintains a radio-dispatched regional courier service that provides multiple pick-up schedules, evening service, STAT pick-ups, and lock box pick-ups after hours. National service is also available.

COMPREHENSIVE BILLING SERVICES

S.E.D. contracts with most insurance companies and can handle virtually all payors, thus reducing the number of laboratories you must use to serve your patients. We accept insurance assignment, and we can direct bill your account as requested.

REPORTING OPTIONS

Results are available in a variety of formats. Options include delivery by courier, transmittal via teleprinter, fax, or mail. Electronic Data Transfer of lab results is also available in an HL7 format to most Electronic Medical Record Systems (EMRS). Through CareEvolve, results are available 24 hours a day via the web from anywhere in the world at sedlabs.com. Web-based access allows healthcare providers to place orders on-line when specimens are collected in the office as well as the ability to review current lab results, trend and graph historical lab results, and print laboratory reports.

COMMUNICATION SERVICES

S.E.D. is here to serve you. We maintain a Client Services Department to handle all your inquiries and service requests, as well as a sales/ service department to provide in-services and problem resolution. There is always an administrator available 24 hours a day, seven days a week, as well as a member of our pathology staff. When new information is available, S.E.D. publishes a newsletter and also posts it on our website at sedlabs.com.

SUPPLIES

S.E.D. provides supplies necessary to collect specimens and transport them to our laboratory. There is no charge for supplies for tests being sent to S.E.D.

PHLEBOTOMY SERVICES

In addition to phlebotomy provided at our network of Patient Service Centers, S.E.D. maintains a team of external phlebotomists to collect specimens at specialty hospitals and other health-related facilities.

IN-HOUSE PATHOLOGY SERVICES

S.E.D. has a large staff of full-time board-certified pathologists that represent most board specialties. The pathology staff provides medical oversight to ensure the quality of what we do. Our technical staff and clients are always able to consult, when necessary, with a medical professional. In addition to medical oversight, the pathology staff of S.E.D. provides the following anatomic pathology and cytology services:

- Routine Cytology
- Thin-layer Cytology
- Clinical Pathology
- Routine Anatomic Pathology
- Dermatopathology
- Hematopathology
- Immunopathology
- Molecular Pathology

CLIENT EDUCATION

The professional staff of S.E.D. is always willing to assist its clients to better serve their patients. Inservices are provided upon request to new clients. Technical consultation on all matters is always available, as is education and assistance with compliance of federal and state regulations as they pertain to laboratory services.

ON-LINE SERVICE MANUAL

With thousands of tests available and frequent changes in specimen requirements and reference ranges, S.E.D. maintains an on-line service manual to provide up-to-date information at sedlabs.com.

S.E.D. PEOPLE P.L.A.N.

S.E.D. offers direct-access testing to the public with the "PEOPLE P.L.A.N." (Public Laboratory Access Network). A select menu of popular tests is available with critical results reviewed by the laboratory's Medical Director. Patients with abnormal results are advised to contact their health care professional. In addition to direct to consumer testing, S.E.D. will organize and conduct health fairs for organizations and employers.

WORKPLACE DRUGS-OF-ABUSE TESTING

S.E.D. is one of only 50 laboratories nationwide to be federally certified by the Department of Health and Human Services (DHHS), Substance Abuse and Mental Health Services Administration (SAMHSA). This certification is required of laboratories performing federal workplace drug testing. In addition, S.E.D. is also accredited by the College of American Pathologists in Forensic Urine Drug Testing (CAP-FUDT). Complete collection, testing, and Medical Review Officer (MRO) selection services are provided. National service is available.
